**ALL ABOARD!**

September, 1954, saw us entering high school for our last year. We were all eagerly looking forward to our Senior Trip and finally our graduation. Of course, we had all been looking forward to these since we first entered high school. But, as we progressed through our Freshman year "learning the ropes," then through our Sophomore year putting what we had learned as Freshman to good use, next through our Junior year earning money for our Senior Trip by selling magazine subscriptions and concessions, and finally into our Senior year in which we sponsored the Annual, Football and Basketball Queens, and sold Christmas gift wrappings, these two seemingly far away events became realities.

Now that these are past experiences, we wish to express our sincere thanks to all the people who helped make all these activities and our four years in high school ones well worth remembering. And, as a lasting record of our achievements while in high school, we present the following as a record of all the people and activities of Jackson Township beginning with us, the Class of '55.

This group of seniors was a great asset to our football squad these past four years. These boys worked hard and made the team a big success. No matter what the odds, they never gave up and finally their fine spirit paid off. A thanks goes out to these boys for a job well done, and we wish them all the best of luck.

These four boys have contributed a great deal to the success of the basketball season. They can play any kind of basketball that a team can throw at them. They have shown that teamwork can win a close ballgame and make a tough one look easy. If there was any doubt that a game was lost before the final second, it was not in their minds, for they were out to capture any game, no matter what the circumstances. They have shown the underclassman what good sportsmanship and determination will do. We know they will be greatly missed and well remembered throughout the years to come.

# SENIOR CLASS PROPHECY

My friend, Kaye Gunn, a famous fashion designer and wife of a prominent Indiana University college professor, and I, Linda Clifford, author of the well known, widely read, "Jokes for Mealtime", are touring the United States in search of our old school chums.

Our journey begins in Indianapolis, where we find Gene "Wilbur Shaw" Kennett, owner of the Indianapolis Speedway, talking 'shop' with Marylyn Randall, who owns the "Slaughter Stretch Speedway", located in Millersburg. Marylyn's three sons, "Speedy", "Flash", and "Lightnin'", are well-known stock car drivers throughout the country.

After talking with Marylyn and Gene, we decided to drive out to the "Tee Pee" for lunch, before continuing our journey. Just out of curiosity, we asked the car hop who the owner of the Tee Pee was." Here she comes now! Why, it's Myra Worthman, and to think that she started out as a car hop ten years ago." Myra tells us that Charles Applegate, another old school mate, is now the owner of "Charlie's Muscle Building School" in downtown Indianapolis.

After chatting with Myra for awhile, we decided to continue our journey. We boarded a plane for Miami, Florida. Before reaching Florida, we stopped many places along the way. We met Eddie Cline, owner of the "Burpo" brewery, vacationing in Georgia. He told us that Charles and Philip Smith have established a new "Smith Brothers Cough Drop" factory in Georgia. Eddie told us that Nancy Cusick, the blond bombshell of the beauty world, had just been crowned the queen of the Atlantic City Beauty Contest by Jim Bowman, whose occupation is judging beauty contests. He also said that Jane Warfel, co-owner of "Chuck's Supermarket" was vacationing in Georgia. We decided to look her up, since we had two hours before plane time. Jane showed us the lovelorn column in the "Daily Sun" written by none other than Nancy Jackson. We also saw an advertisement for Margaret Ann Bardonner's "Men's Turkish Bath", a very profitable business which she started some time ago.

Oh, oh, the plane leaves in five minutes! We flagged a taxi to take us to the airport. It wasn't until we reached the airport that we realized that the "hackie" was Richard Gibson, another school chum. We didn't have much time to chat with Ric, but he did tell us that he read that Estelee Taylor had inherited quite a sum from a long lost uncle and was planning to establish a "Lonely Hearts Club" in the near future.

On the plane on our way to the "Sunshine State", we noticed that one of the stewardesses resembled a girl in our graduating class-Shirley Castor. Upon further inquiry, we discovered that it was Shirley! She asked if we'd like to see around the plane. When we got to the cock-pit, there at the wheel, piloting the plane, was James Spaethe. At last he was able to fulfill his life's ambition!

We arrived in Florida on a humid afternoon, and decided to refresh ourselves by taking a swim in Miami Beach. And who should be the head lifeguard? None other than Russell Noel.

We also found a show in town consisting of Bill Gullion, Bill Fippen, Bill Sigler and Marcia McDole. It was billed as "Three Bills and a Babe." Quite a show, if you have the time.

Our journey continued to Las Vegas where we found Bob Zeiss, owner of the Casino, directing his dancing girls, "The Teasing Trio," consisting of Joyce Hunter, Judy Justice, and Sally Gibson. We also saw Keith McGill, a successful stock broker from New York, talking to Ernie Stevens, the doctor who keeps the dancing girls in good shape at the Casino. The star of the show is Barbara "Rose La Rose" Hartley. Bob tells us she's quite a crowd drawer.

We must go on. It's California this time. We find all sorts of school chums here. First there's Sally Hale, the world champion lady wrestler; Martha Smeltzer and her little red-headed children, some of Sally's most ardent fans; and Kathryn Nickey, Sally's own personal nurse.

We decided it was time to start home so we boarded a plane for Chicago. Did you know that Jim Nightenlser now owns the Chicago Stock Yards and that Suzanne Burris was just elected President of the 4-H Clubs of America? They're both residing in Chicago. Phil Warfel is also the manager of Marshall Fields.

Back in Indiana again we found Sandy and Bill Bishop happily married. They're raising those famous "Hampshires" just as everyone thought they would.

In the southern part of the state there's Janet and Phil Etchison. Phil is coaching a basketball team consisting of his own little family. What a day that'll be when his team wins the State!

And last but not least, there's Phil Johnson, a struggling football coach of the Central Eagles, still hoping for the County Conference.

Ah, yes, it has been an interesting trip. We imagine many of you never thought your old school chums would be what they are, but that's fate, don't you think?

Hard workers and full of fighting spirit the juniors proved themselves this year. There were more players from the junior class than any other. These boys showed that where there is a will there is a way. All of them played a lot and a few were playing regular. They are great competitors and always made the varsity work for their position. With their experiences and determination they will be well qualified to fill in the open positions that will be vacant on the team. With these boys returning next year J. C. will look forward to another good season on the gridiron.

Changing from the gridiron to the hardwood is a hard job, but the durable juniors are making it look comparatively easy. These junior boys have shown good ability and determination on how a good athlete should play. They have been playing together successfully for three years and if previous records mean anything, they should help make a successful basketball season. A vote of thanks goes to these boys for giving J. C. all they have.

Football--Lacking in experience but learning fast, the Sophomores have done a lot to improve themselves. What these boys lack in experience they make up for in spirit and determination. These are the type of boys that make any team good and they will be pushing hard for the varsity of the 1955 season.

Basketball--These fighting sophomores are proving themselves well in basketball. The entire second team is made up of these well in basketball. The entire second team is made up of these high spirited sophomores. The outlook was dim at first, but they have proven that hard work and co-operation can do a lot for a team.

Football--The Freshman response for football this year was very poor. The entire Freshman class should be very proud of the one that did come out. Small in size as Freshmen usually are, he showed what a little hard work can do for a player. Taking a lesson from him we hope for a better turnout next year.

Basketball--With no outstanding prospects, these boys are showing what eagerness and enthusiasm can do for a team. These boys are working hard and finding out how to play together. If they can keep their good work up J. C. can look forward to a more prosperous season.

# THE ANNUAL STAFF

The difficult job of gathering and arranging all the material in the Jacksonian was handled quite well by this year's annual staff. To the co-editors went the job of arranging the material and getting it in before the deadline. The job of taking care of the money went to the business managers, and the secretary took care of all the necessary correspondence. The division pages in this year's Jacksonian were all drawn by the senior art class here at J.C.H.S. We thank them for doing their job so well. A thank you also goes to the people who took care of the snapshots and gathered material for the grade school sections of this year's Jacksonian. The girls who did such a good job of typing all the material that was sent in also deserve a pat on the back, as do the sports editors who were responsible for gathering all information concerning sports.

Following is a list of everyone and their specific jobs. Again we say "Thanks."

Coach George Punzelt and assistant Hugh Leeman and their boys had a very good season with a 5 won, 1 loss, and 1 tie record. They proved what a group of boys, small or large, can do as long as they have determination. This year we are very proud to say that we out scored our opponents by an 88-32 margin. Although we are losing a few senior boys we know the underclassmen will fill in and do a splendid job.

Our student managers are Bill Fippen and Phil Buscher. They have done a good job in keeping the teams equipment in good shape. We are fortunate to have two boys who are well liked and very good workers. Thanks to Bill and Phil for a job well done.

Our cheerleaders this year are Jeanine Worthman, Kaye Gunn, Kay Ehman, and Janet Cook. They have done a good job in conducting the fans and showing good sportsmanship.

# ALL COUNTY SELECTIONS

## EDDIE CLINE

Eddie was very active as an athlete in his high school years. He won three letters in track, two in football and one in basketball. And, during his senior year, he was selected to the All-County football squad. We want to wish Eddie success in the game of life.

## PHIL ETCHISON

Another boy active as an athlete was Phil Etchison. He not only won three letters in track, three in basketball, and two in football, but was selected to the All-County football squad two years running and was selected to the All-County basketball squad his junior year. Although the All-County basketball selections weren't released when this was written, we think he is a good choice for All-County honors again. We want to wish Phil lots of luck in future life.

## BILL BISHOP

A boy who can well be proud of his high school record is Bill Bishop. Bill won three letters in basketball and three letters in football. And, during his senior year, he was selected to the All-County football squad. Being comparatively small, he made up in speed and desire to win what he lacked in size. We want to wish Bill success in the coming years.

Seniors-Estelee Taylor, Suzanne Burris; Juniors-Kay Burris, Dian Thomas; Sophomores-Phyllis Miller, Kay Ehman; Freshmen-Sandra Faulstich, Marilyn Knapp.
